

City in a bag....

If you are interested in Textiles and design, then this is the challenge for you!

Part 1: Create a Mood board

Select a multicultural city of your choice and create a mood board that reflects it. The mood board needs to show clear design direction with consideration given to colour palette, textures, images and text.

Your mood board should have a:

- Clearly identifiable theme
- Appropriate images for your city of choice
- Clear colour palette
- A clear presentation style

Remember, sometimes less is more.

Part 2: Design and create a bag.

Using your mood board design and create a bag that represents your chosen city.

Your bag should:

- Be clearly linked to your design inspiration (mood board)
- Be innovative and creative
- Use a range of production processes and skills
- Be useable.

Success Criteria:

Mood board

Your theme is clearly identifiable

The images you have selected are original and appropriate your city of choice

You have selected a clear colour palette

Your mood board is clear and presented well.

Bag

The design of your bag is clearly linked to your inspiration (mood board)

You have been innovative and creative in your use of materials and techniques
